Fits: Chassis
**Models:** M11 -001 thru -019 with Serial # prefixes ES, ET, FP, FR & GB

Here's How the $100 Credit Exchange Program Works.
1) Place an order for a Control PC Board (PCB), and RPI will send a shipping box and prepaid UPS return label to you. You will not pay for shipping when using this box.
2) Using the shipping box and UPS return label, ship as follows:
 • Include the PCB and Mounting Bracket if shipping the *New Style* M9/M11 PCB (OEM Part #022-0762-00).
 • Do not include the Mounting Bracket if shipping the *Old Style* M9/M11 PCB (OEM Part #'s 002-0434-00/002-0434-03/002-0501-00).
3) Once the non-operational board has been received by RPI and verified that it is in reasonable condition without burn holes, a replacement PCB will be shipped to you. Your invoice will reflect the cost of the board plus the $100 credit for the Core.

Important Information. PC Board performance verified and tested and Quality Control test printout is included with each PC Board. 90 Day Warranty.

Warning. To avoid damaging the replacement PC Board and possibly voiding the warranty, check the condition of the *Heater and/or Pulse Solenoid* prior to installing the replacement PC Board. DO NOT use PC Board in 220V or version "D" sterilizers.
